WASH YOUR HANDS

Before putting on gloves, wash your hands. Check out this You Tube video on how to properly wash your hands:

PUT ON YOUR GLOVES

There is no special way to put on gloves. Just put them on without tearing a hole in them.

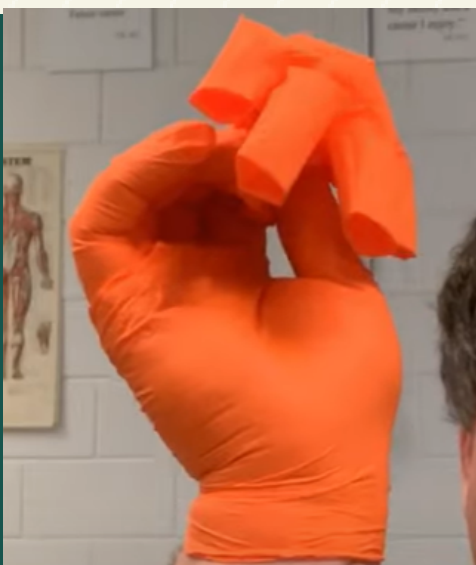

READY TO TAKE YOUR GLOVES OFF?

Your gloves are now considered contaminated. Follow the steps below to avoid touching the surface of your gloves.

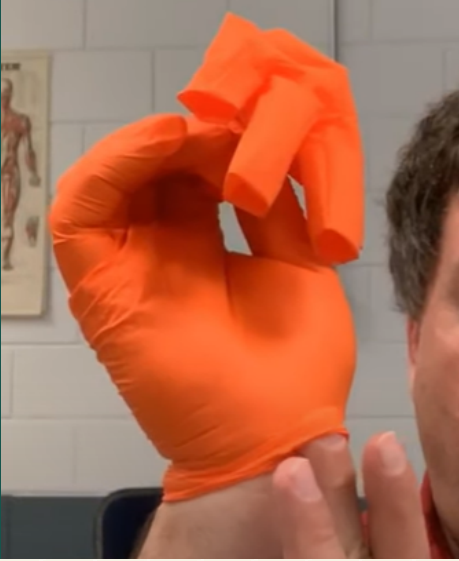

Grab the outside of the opposite gloved hand and peel off.

Hold the glove with your gloved hand

With your ungloved hand, put your fingers under the gloved hand at the wrist.

Peel off second glove

Once the gloves are properly disposed of, wash your hands

TIPS WHILE WEARING GLOVES

When wearing gloves, consider your gloves as contaminated. Be careful of what surfaces you are touching or what objects you are handling as that could spread whatever is on your gloves to the surface/object you touch

TIPS WHILE WEARING GLOVES

Remember to change your gloves after each task. Not doing so could potentially spread what is on your gloves to your next task
